

DIFFERENCE

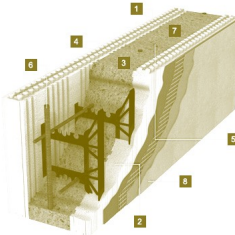

CUSTOM HOMES

LOGIX BLOCKS FOUNDATION

We are part of the green living revolution

Health & Comfort Benefits – mold resistant – frost resistant – crack resistant – waterproof – no drywall nail pops – superior sound proofing – constant R-28 for LIFE

LOWER ENERGY COST

R-28

FOR LIFE

STEEL BEAMS

Make the most of your square footage

Steel beams are functional space savers in the entertainment areas and allow you to enjoy your basement without having to cover up supports like traditional wood beams. Steel beams are mandatory for our quality custom home.

CUSTOM CABINETRY

Solid woods are designed to last

The final product difference in the custom cabinet industry is durability, craftsmanship, unlimited options, and longevity. Fundamental production of our custom products will stand the test of time.

CUSTOM HOMES

WORKMANSHIP LOYALTY

We build on community

Our trades believe in their workmanship and we **believe** in them. They are time tested and approved for Dowalt's custom home quality. Our philosophy is about quality, what sets us apart is that this **relationship** is built on years of working together to achieve this standard. Dowalt believes in paying for quality.

CUSTOMER EXPERIENCE

What is important to you is important to us

We've been in your **shoes** and we've asked the same questions too. We walk along side of you each **step** of the way, from conception to completion we are there for you.

TRIPLE PANE WINDOWS

Keep the energy savings inside your pocket

An integral part of your investment is the long term energy costs. Custom homes typically come with triple pane windows to make sure your investment will retain its value. Dowalt believes in long term value.

FLOOR JOISTS & SHEATING

keep the bounce in the dryer

Wall to wall our floor joists are rock solid and above the industry standard. You know you are walking on solid ground combining today's building code with our attention to detail. Worry free – squeak free – bounce free.

HOME WARRANTY

Protecting your investment

Home warranty is the backbone of protecting your structure and foundational integrity of your home. We believe the value from the Home Warranty coverage has raised the industry to a new level of product and we are proud to be a part of this movement.
